

Visitor Center

NASA GLENN RESEARCH CENTER'S Visitor Center

Presents

MARS BRIEFINGS

Saturday, January 17, 2004
11 a.m. and 1 p.m.

Join us at the Visitor Center and learn from the experts about the Mars Exploration Rovers (MER) mission and the planet Mars. View the latest images (3D) and participate in additional activities.

Two lectures with Q & A sessions will be presented:

11 a.m. – 12 p.m.

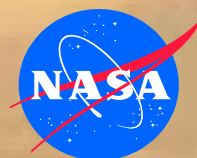

History of Mars and comparison between Earth and Mars – **Mike Blair**, Presenter./Geologist

1 p.m. – 2 p.m.

Mars Overview, MER mission and the future of Mars exploration – **Joe Kolecki**, Presenter/Mars Scientist.

- Advanced registration is required by calling (216) 433-9653.
- All adult visitors are required to present government-issued photo identification. Foreign nationals (subject to restrictions) must present a visa or passport.

For more information, call the NASA Glenn Visitor Center at (216) 433-2000.
